A TALE OF TWO MOTHERS

Exodus 2:1-11

May 12, 2024

**BIG IDEA:** The calling of Mothers is one of the greatest callings in the world - especially today.

There's nothing more important to the future of our country than for Godly parents to do what God has called them to do.

Even when we don't sense God or see His presence we can know He sees us and He cares no matter what our situation is.

It is through our need that we experience God in our deepest way.

When we have trials and issues in our family we have to learn to be thankful in these situations because they force us to rely upon God.

Teach your children... not just by saying words, but by living out your life in light of the faith you have.
